

# Tea Station

## Use and maintenance of the Tea Station instant water heater (Zip Hydrotap G5 - Classic tap)

Work in progress (more pictures and basic info to be added)

The Tea Station is located on the East side of the Sala.

The door can be opened with the "Sala Master Internal Doors" key.

The light switch is located inside the adjacent A/V Cupboard (the most external one, labeled TEA STATION)

The heater is under the tap. To activate the controls, tap the control touchscreen.
